

Announcing *Boulder Solar Day*

Friday, September 29, 2023
8:30 AM–6:00 PM

Hosted by HAO at Center Green Bldg 1

Keynote by:
Delores Knipp of CU&HAO:
“When the Sun Goes Rogue”
followed by a tasty buffet reception.
Poster sessions throughout the day.

This informal annual 1-day meeting brings together researchers from local institutes, including CU, HAO, LASP, NCAR, NOAA, NSO, NWRA, and SWRI, as well as visitors from other solar institutes to discuss current progress on solar instrumentation, observations, and models. Participation is free and open to anyone interested in local solar research. See our webpage and register at: <https://www2.hao.ucar.edu/events/workshop/boulder-solar-day>

Sponsorship courtesy of HAO, LASP, NSO, NWRA, and SWRI
